

2018 Westridge Organic Produce CSA Enrollment

As we enter 2018, we are asking for your support of our CSA. The CSA program is the backbone of our operation. You as a member, provide us with the funding necessary to begin another year. And secure your share for the upcoming season. In return you will enjoy all the season has to offer. A wonderful variety of vegetables always changing, on a weekly of bi-weekly schedule. As you well know, small farms are diminishing, and huge commercial farms are appearing. Your membership helps keep small family farms like ours, on the map! And keeps your food coming to you, from less than 100 miles away, instead of 1000's, even across an ocean!

Fresh, local, and organic, the way food should be!

Stretch out the season by getting our fresh, local, organic produce as early as possible, and eat seasonally all summer long.

Share Options

Spring Share: 5 weekly boxes, May 3rd- May 31st. You'll receive fresh springtime vegetables grown in our hoophouse's and greenhouse. Boxes contain spinach, lettuce, radish's green onion's and more. \$125

Standard share: 20 large weekly boxes June 7- Oct.18. Full share boxes contain 8-12 different seasonally available vegetables. You'll receive the full bounty of the season; share will feed a family of 4+. \$625

Standard bi-weekly share: 10 large boxes delivered every other week, June 7- Oct.18. \$350

Half share: 20 weekly boxes, June 7-Oct.18. Share contains 6-8 different seasonally available vegetables, enough to feed a family of 2-4. \$450

Half bi-weekly share: : 10 boxes. , June 7-Oct.18 Delivered every other week ½ bushel. \$250.00

(Bi Weekly members are put on 1 of 2 every other week schedules)

Meat

Pastured Pork: We raise Berkshire hogs , fed non-GMO grains, vegetable scraps and certified organic hay. No Anti-biotics or Hormones. We also provide ample pasture where the pigs enjoy rooting and foraging on acorns and grass. We always strive to provide are animals with a clean healthy environment!

Beef: We raise dairy steers on certified organic hay, and pasture. As well as a small amount of NON-GMO grain. Our meat is considered grass fed, and very lean and delicious.

Our Meat is available throughout the year at the farmers market, but is not offered as a share. Please contact us for details!
